INTRODUCTORY.

PEOPLE OF SCHUYLER COUNTY:—By this medium we *introduce you*—one to another—may the acquaintance be friendly, harmonious, and generally beneficial. We have visited you at your homes and places of business, and you, or members of your families, have given us the key that unlocks your names, your addresses, your locations, and your various occupations, so that your neighbors in other portions of the county may communicate with you, or one may look another up, as occasion requires.

Don't be dainty with the book, *it is made for use*, therefore keep it where it will be *in the way*, when you want information it may contain.

Yours for progress,

THE COMPILER.

DIRECTORY

—OF—

Schuyler County, N.Y.

EXPLANATIONS

Directory is arranged as follows :—

1—Name of individual or firm.

2—The figures following the letter r indicate the number of the road on which the party resides, and will be found by reference to the map in the back part of this work. Where no road number is given the party is supposed to reside in the village.

3—Birth, if given.

4—Business or occupation.

5—A star (*) placed before a name indicates an advertiser in this work.

6—Figures placed after the occupation of a farmer indicate the number of acres owned or leased.

7—Names in CAPITALS are those who have kindly given their patronage to the work, and without whose aid its publication would have been impossible.

The fact that a farmer is not credited with cows or horses should not imply that he has none. In some towns we have not (but in exceptional cases) recorded horses or cows unless there were more than two.

☞ **For additional names, changes and corrections, see Errata.**

ABBREVIATIONS.—Ab., above ; ave., avenue ; b., birth ; bds., boards ; bet., between ; cor., corner ; E., east ; emp., employee ; fac. op., factory operative ; h., house ; manuf., manufacturer ; Mfg., manufacturing ; N., north ; n., near ; opp., opposite ; prop.. proprietor ; reg., registered as applied to live stock ; regt., regiment ; com., commercial ; ins.. insurance ; H. A., heavy artillery ; S., south ; supt., superintendent ; W.. west.

The word *street* is implied.

SCHUYLER County was formed from Steuben, Chemung and Tompkins April 17th, 1854, and named in honor of General Philip Schuyler. The railways of the county are the Northern Central, now of the Pennsylvania Railway System, the Syracuse, Geneva and Corning, operated by the Fall Brook Railway Company, and the Lehigh Valley Railway, now of the Philadelphia and Reading Railway System.

CATHARINE.

CATHARINE, named from Catherine Montour, was formed from "Newtown," now Elmira, Chemung county, March 15th, 1798. Catlin and Veteran, Chemung Co., were taken off in 1823. A part of Newfield, Tompkins Co., was annexed June 4th, 1853, and a part was annexed to Cayuta, April 17th, 1854. Montour was taken off in 1860 and a small part of Cayuta has since been annexed. Odessa the principal village and Alpine are stations on the Lehigh Valley Railway.

(*For explanations and abbreviations see page* 5.)

---

CAYUTA.

CAYUTA was formed from Spencer, Tioga Co., March 20th, 1824. Parts of Catherine and Erin, Chemung Co., were annexed in 1854. The town was transferred from Tioga to Tompkins Co., March 22nd, 1822. Cayuta the only village in the town is a station on the Lehigh Valley Railway.

(*For explanations and abbreviations see page* 5).

---

DIX.

(TOWN OUTSIDE OF WATKINS).

DIX, named from Hon. John A. Dix, was formed from Catlin, Chemung Co., April 17th, 1835, a small portion has recently been set off to Montour. Watkins, the county seat and the most important village in the county is a station on the Northern Central Railway.

Watkins Glen, Wedgewood, Moreland Station and Beaver Dams are stations on the Syracuse, Geneva and Corning Railway, and Wentz is a flag station. Moreland and Townsend are rural villages.

HAVANA VILLAGE.

(TOWN OF MONTOUR.)

HAVANA, incorporated May 13th, 1836, has since been enlarged in territory. It is at the head of the Chemung Canal and is a station on the Northern Central Railway, and is the second village in importance in the county. Havana Glen, a wonderful erosion of the rocks along a stream in the southeastern part, attracts visitors from all parts of the world, and is a source of profit to the place.

(*For explanations and abbreviations see page* 5).

HECTOR.

HECTOR was formed from Ovid, (Seneca County), March 30, 1802. As a part of Tompkins County it entered into the formation of Schuyler. North Hector, Peach Orchard and Burdett are stations on the Lehigh Valley Railway. Mecklenburg is an important village in the eastern part. Other villages are shown on the map. The town has more post-offices, probably, than any other town in the State. Across this town Gen. Sullivan's army marched against the Indians. See route on map.

(*For explanations and abbreviations see page* 5).

A

Ackley Charles H., p o North Hector, b 1871 in Cayuta, barber and hair dresser, Lake st. h in village.

Ackley J. Cory, p o Burdett, b 1840 in Tompkins Co., gardener, veteran of the war of '61, rents 4 acres on Willow st. h do

---

MONTOUR.

TOWN OUTSIDE OF HAVANA.

MONTOUR,—the youngest of the towns. was formed from Catharine, March 3d, 1860. A portion was recently annexed from Dix. The only village is Havana, the second in importance in the county. The Chemung canal connects the village with Seneca Lake. The northeastern portion is crossed by the Lehigh Valley Railway, but there is, however, no station within the limits of the town.

(*For explanations and abbreviations see page* 5).

ORANGE.

ORANGE was formed from Wayne, Steuben Co., February 12th, 1813. as "Jersey." Its name was changed February 20th, 1836. A part of Hornby, Steuben Co., was annexed April 11th, 1842, and a part of Bradford, Steuben Co., April 17th, 1854, on the formation of Schuyler County. Monterey is the only village in the town. A postoffice is at Sugar Hill.

(*For explanations and abbreviations see page* 5).

---

READING.

TOWN OUTSIDE OF WATKINS VILLAGE.

READING was formed from "Frederickstown," now Wayne, Steuben Co., February 17th, 1809. Reading Center is the only village wholly in the town. A part of Watkins is in Reading. Irelandville, North Reading and Pine Grove, the latter partly in Tyrone, are hamlets. The town is crossed by the Syracuse, Geneva aud Corning Railway, now operated by the Fall Brook Railway Co. Reading Center and Watkins stations are located in this town.

Youngs Henry, p o Tyrone, r 64, b 1838, farmer

WATKINS VILLAGE.

TOWNS OF DIX AND READING.

WATKINS, named from Dr. Samuel Watkins, an early landholder and settler in the village, it was incorporated as "Jefferson," April 11th, 1842; its name was changed April 8th, 1852. It is located partly in Reading, but mostly in Dix. It is the county seat, a station on the Northern Central Railway, and is at the confluence of the Chemung canal with Seneca lake, the head of the canal being at Havana. The village is connected with towns on Seneca lake by the steamers of the Seneca Lake Steam Navigation Co. Watkins Glen, a wonderful erosion in the soft rocks by a small stream, extends for two miles or more west of the village, and attracts many thousand tourists to Watkins every year, and is therefore a factor for adding wealth to the town. The recent discovery of salt in this

vicinity promises continued growth and prosperity to the commercial interests of the place, which is already the business center of the county. Residents of that part of the village lying in Reading are designated by (R).

(*For explanations and abbreviations see page* 5).

CLASSIFIED

BUSINESS DIRECTORY

—OF—

SCHUYLER COUNTY.

EXPLANATION.

The towns are alphabetically arranged at the end of the line, under the business classifications. Havana and Watkins are in this sense treated as towns. The postoffice address of each individual or firm follows after the name, except in cases where the name of the postoffice and the township are the same. The classification of farmers is omitted in this list, except as they are engaged in grape or berry raising to the extent of two acres or over, or are breeders or dealers in blooded live stock. Road numbers signify the same as in the general list.

If representations in this list vary from the general directory, it is in accordance with later information.

Academies and Schools.

(See also list of schools in each town Directory.)

ROME, WATERTOWN & OGDENSBURG RAILROAD.

N. Y. C. & H. R. R. CO. LESSEE.

THE GREAT HIGHWAY

AND

• FAVORITE ROUTE FOR FASHIONABLE PLEASURE TRAVEL. •

THE ONLY ALL-RAIL ROUTE

TO THE THOUSAND ISLANDS.

"THE LOVLIEST RIVER RESORT IN THE WORLD."

The R., W. & O R. R. is leased in perpetuity to the New York Central & Hudson River Railroad. The Lessee Company has expended more than one million dollars in permanent improvements and betterments, relaying the railway of the Eastern Division with the heaviest steel rails used north of the trunk lines; renewing and re-ballasting the road-bed, increasing the number of ties per mile, replacing the bridges with heavier new ones of steel and iron, and making various other improvements on the R., W. & O. system. Standard locomotives capable of hauling the heaviest passenger trains at high speed, have been added to the motive power, and sumptuous new coaches to the passenger equipment.

Solid Vestibule Trains to and from the Thousand Islands

Stopping only at principal cities and making the following very fast time: NEW YORK 8 hours, ALBANY 5 hours, UTICA 3 hours, NIAGARA FALLS 8½ hours. BUFFALO 8 hours, ROCHESTER 6½ hours, SYRACUSE 3½ hours, connecting with the fast Express and Limited trains to and from Chicago, St. Louis, Cincinnati, Detroit, Toledo, Pittsburg, Cleveland and the West, also with Boston and New England points.

Thirteen Express trains, week days, and five Express trains, Sundays, run in and out of Clayton (Thousand Islands). Fast trains run to and from the West expressly to avoid the slow lake trip with its many discomforts, and to enable tourists and pleasure seekers to enjoy among the Thousand Islands the time thus gained (from 4 to 12 hours) which otherwise would be consumed in an uncertain and uninteresting lake passage.

Wagner Vestibule Newest Buffet Sleeping and Drawing Room Cars

on all Through Trains. All trains connect at Clayton with Thousand Island Steamboat Co. for all places in the Thousand Island region. Connection is also made at Clayton with Richelieu & Ontario Navigation Co. steamers for Montreal, Quebec, the River Saguenay, etc., passing all of the Thousand Islands and Rapids of the River St. Lawrence by daylight.

The Rome, Watertown & Ogdensburg R. R. is the GREAT TOURIST ROUTE to all places on the St. Lawrence River, all Canadian Resorts, the Adirondack Mountains, Green Mountains, White Mountains and Sea Coast Resorts.

Wagner Buffet Sleeping Cars run by this route between Chicago and Portland, Maine, passing through the celebrated White Mountain Notch by daylight, and stopping directly in front of the principal hotels in the White Mountain region.

Send ten cents postage for the illustrated book, "Routes and Rates for Summer Tours," with 230 pages, 150 fine illustrations, 11 valuable maps,—the best book given away.

Publishers Notes.

J. B. MORRIS & SON, dry goods dealers of Watkins, publish their announcement on page 346. The senior member of the firm began business in Burdett as early as 1859, six years later he came to Watkins, and in 1886 his growing business demanding increasing care and watchfulness he took into partnersnip his son Henry J. The conservative tendencies of this house have enabled them to steadily gain in strength and ability to bring before the purchasing public of Schuyler county the best the market affords in all lines in the dry goods trade, carpets, cloakings, etc., and being satisfied with small profits they have gained a large patronage. Buyers will do well to examine their extensive stores in the Opera House block, where they will be waited upon by the proprietors or their polite clerks.

HENRY V. HAAS, furniture dealer and undertaker at Watkins, advertises on page 326. It is a pleasure to write of such men as Mr. Haas. The story of his business is the story of his life. Beginning thirty-five years ago as errand boy in the same building he now occupies he has held every position in the business from the errand boy to proprietor. Without detail as to the growth of his business, it is sufficient to say that now he has eight show rooms devoted wholly to the sale of furniture and undertaking goods, and twelve different rooms filled with reserved stock of all descriptions. His casket rooms contain a display of twenty-five cloth cases ready for inspection at any moment. He owns two fine hearses, a heavy and a light one. He employs four to six hands the entire year. Mr. Haas is a graduate of one of the leading schools of embalming, and in either branch of his business is thoroughly equipped to satisfy his customers.

DURLAND, SMITH & CO, hardware dealers, Watkins. The growth and prosperity of a people is indexed somewhat by the character of the business houses. The great store and warehouse of the above named firm is the outgrowth of a more modest business started in 1856 by J. D. Payne. After twelve years of existence and several changes the firm became Durland & Smith In 1886 Mr. George S. Coon was taken into the business and the firm name changed to its present style. The main building is 40x45 feet in size and four stories high, and basement; an additional warehouse 20x75 feet is required for the immense business conducted by this house—a retail trade not con-

fined by the bounds of the county and a wholesale trade that extends even into Pennsylvania. It is unnecessary here to enumerate the various branches of their business. We refer the reader for that to the firms advertisement on page 298. Anything in their several lines, needed for erecting and furnishing an elaborate house or business building, may be obtained of this firm, and their success warrants the assertion that they are able to compete with any house in the trade, both as to quality and prices.

PELLET & HUGHEY, the enterprising boot and shoe dealers, have within a comparatively short period elevated a moderate business into one of the leading mercantile interests of Watkins. Mr. Pellet is known all over Schuyler county as an enterprising, pushing business man; while Mr. Hughey, the business manager of the firm, has by close attention to the demands of the people kept their stock supplied with all grades of goods needed. Nothing in the line of footwear being too good or expensive to be supplied by this house when occasion requires. Mr. Hughey had for eight years been a salesman for Mr. John Budd, whose business had attained an annual sum of eight or nine thousand dollars. The present firm purchased the stock and by their liberal business methods they have so won the hearts of the people that their trade has grown in three years to the extent that the last year's sales amount to twenty-five thousand dollars. This is due largely from the fact that the firm carry all the latest styles from the best makers, and that they have become wholesalers to a consideradle extent. They advertise on page 336.

T. H. ABBEY & CO., dealers in dry goods, carpets, etc., at No. 103 Franklin street, Watkins, are well known throughout Schuyler county. The active business population of this county have *grown up* since the foundation of this house. Tyler H. Abbey began the business here about forty-nine years ago. The business has been conducted under the present firm name for the past eleven years. The store occupies spacious quarters in the Abbey block, and includes basement, main floor, and a portion of the second floor, where all classes of goods peculiar to the trade are kept in variety. The stock is replenished frequently by purchases in the markets, so that patrons may expect to find fashionable goods of the day at this house. Mr. A. T. Abbey, the junior partner, is now the active manager and buyer. See their advertisement on page 312.

RETROSPECTIVE.

IN leaving our work, which for several months has brought us into pleasant contact with the people of Schuyler county, we desire to return sincere thanks to *all* who have kindly aided in obtaining the information this book contains,— especially are our thanks due the editors and managers of the county papers for their uniform kindness in calling attention to our efforts,—to Hull Fanton Esq., for official diagram of the route of General Sullivan's army across the county in 1779, from which we were enabled to locate the route accurately on our map, to C. M. and A. C. Woodward. Durland, Smith & Co. and to many others, who have spoken so kindly of our efforts of a quarter of a century ago, and who now, by their several acts of courtesies have aided and smoothed the way, while prosecuting this difficult class of book making.

We have also consulted the various maps of the county, and, to some extent, public records, but the labor of securing the names, occupations, etc., for the directory, has been by a house to house canvass—and while errors and omissions will undoubtedly be found — we feel confident, the citizens of Schuyler County will regard the work as valuable, for we have obtained the information from the individuals or members of their respective families in nearly all cases. The road numbers in connection with the corresponding numbers on the map will enable one to locate, very closely, families in any part of the county.

The margins of pages have been left broad, to enable any one to note changes or corrections.

In conclusion we trust our readers will bear in mind, should errors be noted, that "he who expects a perfect work to see, expects what ne'er was, is, nor yet shall be."

THE COMPILER.

ERRATA.

ADDITIONS AND CORRECTIONS.

The Lehigh Valley Railway, crossing towns of Cayuta, Catharine, Montour and Hector has been liberated from the management of the Philadelphia and Reading Railway Company since printing of this book was commenced, and it is now managed by its own company.

The line, indicated by arrows, drawn across the towns of Hector and Montour, designates the route of the Western Army of 5,000 men, under Major-General John Sullivan, in the campaign against the Western Indians in 1779, as shown by the survey (now on file in New York) of Lieut. Benjamin Lodge, who accompanied the expedition under direction of General Washington.
